CONSULTANT GROUP, LLC

ABOUT US...

Viking Consultant Group, LLC is a woman owned small business. We are a business that specializes in quality consulting for various aspects of our infrastructure to include government organizations, businesses, schools and houses of worship.

Viking Consultant Group, LLC, believes that quality in product and quality in customer service is key to any successful business, which is why we continue to receive the highest marks in our evaluations.

Every contract is met with the best consultant in the industry while providing the best in customer service and support in the industry. Our personnel consistently provide successful results with every project and every delivery.

Our expertise is in course development. Any company can deliver a product; however, delivering the course is only one aspect of a program. In each course, the material we provide must meet a rigid benchmark before its delivery. In each course, the material provided must meet the Federal Law Enforcement Training Accreditation (FLETA) standard, which establishes and maintains a body of standards to promote the most effective and efficient use of resources for training. Viking Consultant Group, LLC is unmatched in this area.
